Assets

The image shows a screenshot of an Instagram profile for the user 'jdherrera'. At the top, the Instagram logo and the word 'Instagram' are visible on the left, and a search bar with the text 'Buscar' is on the right. Below the search bar are icons for notifications, likes, and a profile icon. The profile header includes a circular profile picture of a man with sunglasses, the username 'jdherrera', and an 'Editar perfil' button with a gear icon. Below the header, the profile statistics are listed: '153 publicaciones', '361 seguidores', and '345 seguidos'. The bio text reads 'Juan Herrera 🇨🇴 Bogota • 🇺🇸 New York City Design • Photography juandherreracom'. The main content area is a grid of nine images: a person taking a photo of a building, a view of trees and sky, a film strip collage, two baskets of fruit, a Ferris wheel, fireworks, a colorful building facade, a white cat in a garden, and a colorful mosaic wall at night.
