# Web Midterm

Jenni

Hello! I'm Jenni.

I'm a designer and developer from Canada.

My photography portfolio was in need of a revamp, so I took this assignment as an opportunity for a facelift!

Challenges

- Javascript is always a challenge, but I love problem solving, so it was fun

Further Steps

- Implement photo gallery navigation

- Add a page or two with different photography themes

- Randomize main page header

Thank you!
